Subitem-B: (R-96-710) ADOPTED AS RESOLUTION R-286804

Approving the City Engineer's Report.

CITY MANAGER SUPPORTING INFORMATION:

This action proposes the following: (1) Annex the area on the Adams Avenue from Mansfield Street to 39th Street and from Terrace Drive to Vista Street to existing Adams Avenue Landscape Maintenance District (Felton Street to Mansfield Street) as Zone 2; (2) Delete the areas on Adams Avenue from 33rd Street to Felton Street (Subdistrict 3) and 30th Street to Boundary Street (Subdistrict 7) from the Mid-City Landscape and Lighting Maintenance District and annex them to the existing Adams Avenue Landscape Maintenance District as Zones 3 and 4, respectively; (3) Establish a new street light subdistrict to include the area from 36th Street to 39th Street and Terrace Drive to Vista Street, to be named Adams Avenue #2 Subdistrict of City of San Diego Street Light District #1; and (4) Delete the area between 30th Street and Boundary Street from existing Mid-City Landscape and Lighting Maintenance District #7 and incorporate it into the new Adams Avenue #3 Subdistrict of City of San Diego Street Light District #1.

The Adams Avenue Landscape Maintenance District, from Felton Street to Mansfield Street, was established in May 1994 and is administered by the Adams Avenue Business Association (AABA). The facilities to be maintained by the expanded district include landscaping and irrigation facilities. It is proposed that all areas of landscaping in the proposed expanded district be

administered by the AABA, with appropriate amendments to the existing agreement between the City and the AABA to be approved as part of this action. The new street light subdistricts will be maintained by the City of San Diego, Streets Division, Electrical Section. The proposed FY'97 maintenance costs for the expanded Adams Avenue Landscape Maintenance District, Zones 1, 2, 3, and 4, and Adams Avenue #2 and #3 Subdistricts of City of San Diego Street Light District #1 are as follows:

LANDSCAPE MAINTENANCE DISTRICT		STREET LIGHT DISTRICT			
	ZONE 1	ZONE 2	ZONE 3	ZONE 4	ADAMS AVE.
SUBDIST.2	SUBDIST.3				
Contractual Maint.	\$1,400.00	\$ 8,640.00	\$3,614	\$3,600	Energy & Maint.
	\$3,296.64	\$1,294.80			
Utilities	\$ 900.00	\$ 5,300.00	\$ 350	\$ 778	Admin. Costs
	\$1,071.40	\$ 420.81

	TOTALS	\$4,517.70	\$16,402.50	\$5,580	\$6,098
	\$4,368.04	\$1,715.61			

Proposed landscape assessments are based on the assessable frontage of benefitting property owners along Adams Avenue and certain side streets, as follows: Zone 1 - 2,053.5 linear feet; Zone 2 - 6,561 linear feet; Zone 3 - 558 linear feet; Zone 4 - 1,219.6 linear feet. The proposed unit assessment for FY'97 for Zone 1 is the same as FY'96, or \$2.20 per frontage foot or parcel; for Zone 2 it is \$2.50 per frontage foot; for Zones 3 and 4 it is reduced from FY'96 to \$10 and \$5 per frontage foot of parcel, respectively. The proposed street light assessment is based on the frontage of benefitting property owners along Adams Avenue only. Adams Avenue #2 is 4,279 linear feet. Adams Avenue #3 is 1,219.6 linear feet. The unit assessments per frontage foot are \$1.02 and \$1.40 respectively.

SUBJECT: Slope Easement Abandonment in Lot 14, Block 46, of
Map-352.

(La Jolla Community Area. District-1.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-96-753) ADOPTED AS RESOLUTION R-286805

Vacating the excess portion of the slope easement
located within Lot 14, Block 46 of Map-352.

CITY MANAGER SUPPORTING INFORMATION:

The proposed slope easement abandonment has been requested by the applicant to accommodate the redevelopment of Lot 14, Block 46, Map-352. Development of this site is regulated by Coastal Development Permit CDP-90-0835, which proposes construction of a single family residence on Lot 14. The Coastal Development Permit was approved by the Planning Commission on January 9, 1992, by a vote of 5-0. A Mitigated Negative Declaration (DEP-90-0835) was also certified by the Planning Commission. The slope easement was granted to the City per document recorded on February 25, 1952 as Book 4381, Page 48 of Official Records. The area proposed for abandonment is considered excess to City needs since the right-of-way (Torrey Pines Road) is built to its ultimate width. Staff review of this abandonment indicates that the four required findings for the abandonment can be made and that this easement may be summarily abandoned.

SUBJECT: High Intensity Drug Trafficking Area (HIDTA)
Grant/California Border Alliance Group (CBAG) Single
Fiscal Agency.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-96-743) ADOPTED AS RESOLUTION R-286806

Authorizing the City Manager to accept and expend funds from the Office of National Drug Control Policy for the purpose of supporting operations of, and supplies and equipment for use by regional CBAG members;

Authorizing the City Auditor and Comptroller to establish a High Intensity Drug Trafficking Area (HIDTA) fund for receipt and expenditure of funds in connection with the grant, and a separate fund for the receipt and expenditure of funds paid from other agency subgrants for fiscal agency services provided by the San Diego Police Department;

Authorizing the Chief of Police to approve expenditures for operations of and supplies and equipment for use by the regional CBAG task force members;

Authorizing the City Manager to execute all aspects of grant operation including any amendments, extensions, renewals, or future funding for a period of up to five years, provided funding is made available by the United States Department of the Treasury or the Office of National Drug Control Policy.

CITY MANAGER SUPPORTING INFORMATION:

The United States Department of the Treasury, in cooperation with local law enforcement, the State of California, and various federal agencies, has formed the High Intensity Drug Trafficking Area (HIDTA), Southwest Border Region, which extends along the Mexican-American border from the Pacific Ocean to the Gulf of Mexico.

The HIDTA is subdivided into five sub-regions, of which San Diego

and Imperial Counties are one. This sub-region is known as the California Border Alliance Group (CBAG). Federal funding is available from the Office of National Drug Control Policy to fund drug-trafficking interdiction initiatives within the CBAG sub-region. An alliance of federal, state and local law enforcement agencies within the sub-region has formed a task force for the purposes of these initiatives. The federal government directly funds the federal agency participants and the Office of National Drug Control Policy provides grant funding for the state and local agency participants. Participating state and local agencies include the San Diego Police Department, Chula Vista Police Department, San Diego Port Authority Harbor Police, San Diego County Sheriff's Department, San Diego County District Attorney, Imperial County Sheriff's Office, California Highway Patrol, California Bureau of Narcotics Enforcement, and the California Department of Justice. The San Diego Police Department has been requested by HIDTA management to become the lead agency and to act as a single fiscal agent for CBAG. Under this program, the City of San Diego will receive the master grant for all participating state and local agencies. This grant will be administered by the San Diego Police Department, which will coordinate all fiscal matters between the federal granting agency and the participating state and local law enforcement agencies. This will be done under memoranda of understanding with each participating agency, which have already been developed and accepted by those agencies. Police Department staff has indicated both the willingness and the ability to perform this function for the joint agency operation. The City will be compensated for the Police Department's special efforts by receiving 1.5 percent of each participating agency's sub-grant, which will be placed in a segregated fund to compensate both the City Auditor and the Police Department for efforts expended on behalf of the task force. The City Auditor will also be provided with a computer system which will allow the City to obtain federal reimbursements for this program within 48 hours. Other High Intensity Drug Trafficking Area regions have been established in other parts of the United States. They have longevity history of up to twelve years and are still operating. For this reason the request is being made to allow continuous application for, acceptance of and expenditure of federal funds for this purpose.

These courses are approved by the Port Captains and Harbor Masters Association. The modules are Rescue Boat Operations, Marine Fires, Boating Safety and Enforcement, Navigation, and Basic Boat Operations. DBW requested that the City of San Diego host two classes: Rescue Boat Operations and Marine Fires. Classes are open to agencies involved in boating safety, rescue and enforcement, including lifeguards, harbor patrolpersons and law enforcement officers.

Agreement.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-96-730) ADOPTED AS RESOLUTION R-286809

Authorizing an agreement for an exchange of
firefighter/paramedic personnel with the City of
Carlsbad.

CITY MANAGER SUPPORTING INFORMATION:

On September 18, 1990, the City Council authorized the City Manager to initiate a Fire Department paramedic program through the training of firefighters to the paramedic skill level and to place such designated firefighter/paramedics on board Fire Department engines to supplement the present City of San Diego paramedic delivery system. On October 1, 1991, the firefighter/paramedics began providing paramedic level care to the citizens in the northern and southern portions of the City. Today the program has expanded to include 21 paramedic engine

companies. On April 20, 1992, the City Council authorized the City Manager to execute an agreement with the cities of El Cajon, Escondido, and Poway to exchange firefighter/paramedic personnel. On October 26, 1992, this program was expanded to include the City of Santee. Since that time, firefighter/paramedics have had an opportunity to work with the other agencies maintaining their Advanced Life Support (ALS) skills as part of their regular on-duty shift. Positive feedback has been received from all participating agencies. The Carlsbad City Council has approved their participation in this exchange program. Their firefighter/paramedics are all qualified to work on assessment or transport units. With their participation in the program, a greater number of the existing seventy-nine San Diego firefighter/paramedics could maintain their skill level during regular on-duty shifts.

SUBJECT: Amended San Diego Gas and Electric License - Fiber
Optic Agreement.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-96-413) ADOPTED AS RESOLUTION R-286813

Granting a license to San Diego Gas and Electric for five years for MCIMetro Access Transmission Services, Inc. (MCIM) to use excess capacity on SDG&E's fiber optic network, located in areas covered by the Franchises, in order to further the implementation of a fiber optic telecommunications superhighway within the City which is in the public interest;

Declaring that the City does not waive any right it has now or may have in the future to take a different position with regard to use of non-telecommunications franchises for telecommunications purposes;

Declaring that SDG&E's agreement with MCIM for the use of portions of SDG&E's fiber optic network that are located in areas covered by the Franchises and are not then presently necessary or useful for the provision of gas and electric service, are not in contravention or violation of the Franchises and will not require the payment of additional franchise fees from SDG&E to City;

Declaring that as consideration for this license agreement, SDG&E agrees to pay the City 5 percent of gross revenues it receives from MCIM for the use of its fiber optic network located in the City's franchise area for the period of this license agreement. Gross revenues shall not include the fees SDG&E pays to City pursuant to this Resolution.

CITY MANAGER SUPPORTING INFORMATION:

On January 10, 1994, the City Council adopted R-283256 which amended San Diego Gas & Electric's (SDG&E) license to permit SDG&E to use excess capacity on SDG&E's fiber optic network located in the City's Franchise area for rental to Teleport Communications Group, San Diego (TCG) in order to further the implementation of a fiber optic telecommunications superhighway within the City. In consideration for this authorization by the City, SDG&E agreed to pay the City 5 percent of the revenue it receives from TCG for the use of its fiber optic network. On August 28, 1995, SDG&E notified the City that TCG has since completed its own fiber network and will no longer be using SDG&E fiber. The company requested the City to further amend the license to allow SDG&E to lease the available fiber to MCIMetro Access Transmission Services. The proposed resolution

substitutes MCIM for TCG.
